

OKLAHOMA POLITICS IS VERY WARM

Dr. Winkler Has Dropped From the Race.

ALEXANDER IS CONCEDED

Caucuses May Wake a Material Change.

Guthrie, O. T., Jan. 12.—The day here was taken up by caucuses. There were caucuses inside legislative halls and outside, from early morning till late tonight. The Republicans of the council have accomplished much; the Democrats of the house, nothing.

This afternoon Dr. Winkler, of Kingfisher, dropped out of the race for president of the council. Alexander, of Woodward, has been agreed upon and his election is sure. Dr. Winkler dropped out, it is reported, because there was a rumor about Kingfisher getting so much. Fatty Smith this morning announced that he was no longer a candidate for sergeant-at-arms of the council. This leaves the field to George Vickers.

The organization of the house took up the afternoon today, and the Democrats could reach no agreement. A caucus which adjourned at 1 o'clock showed Edgar Jones, Wm. Bowles, J. L. Matthews, J. T. M. Robinson, and McTaggart on the fence. Another report declares that Bowles has the lead and was settled on last night.

There were considerable talk of the Republicans having a chance to organize the house by the return of two Populists to Republican ranks. The majority of the Republicans do not think this at all likely, however.

WAS SCALDED TO DEATH.

Husband Arrested and is Now Awaiting an Investigation.

Shawnee, O. T., Jan. 12.—Mrs. Cora Davis, colored, died from being scalded. Her husband, Ben Davis, is under arrest awaiting an investigation.

When the deceased's husband made application to City Clerk McIntyre this morning for a burial permit, the clerk took occasion to inquire into the cause of the woman's death. She has been a well known character about town ever since she revealed a gun shot wound in a well remembered fight that occurred in that neighborhood last spring, and Mr. McIntyre felt a natural curiosity to know if that would be the cause of her expiration.

Davis undertook to explain that the coffee pot fell off the stove, scalding the contents into the breast of his wife, who soon afterwards died. Nothing else that Davis' face was badly puffed, the city clerk inquired more diligently into the circumstances which Davis found exceedingly difficult to explain satisfactorily.

There are many who are acquainted with some of the circumstances and believe that Davis' wife was scalded, fought and both fell over the stove, scalding the coffee pot and causing the woman's death with a little more violence.

Davis did not seem to be touched by the sudden death of his wife and the officers claim to have a pretty strong chain of evidence to connect the husband of the deceased of foul play.

CAN BRIDGE THE RIVER.

Evidence that Santa Fe Will Soon Build an Extension.

Guthrie, O. T., Jan. 12.—The Santa Fe Railroad company has received permission from the secretary of the interior to bridge the Arkansas river at Tulsa, I. T., this verifying the statement that the company will build an extension south and west from Oklawaha, its most southern point at present in Indian Territory. It is believed the line will connect with the Eastern Oklahoma from Newkirk, O. T., to Pauls Valley, I. T.

RAISING FINE CATTLE.

Strangers Notice Many Interests in Entering Territory.

Guthrie, O. T., Jan. 12.—A stranger entering lower Oklahoma and passing through the wheat districts of this territory until he arrives at the gateway of the vast cattle growing district, commencing at the one-hundredth meridian and embracing the great county of Beaver, will be impressed by the number

Starting and Staging.

At the start in a long race, the advantage often appears to be with an outsider. But the race is won not in starting but in staying. The quality which wins is staying power. It is so in the race of life. Staying power wins, and as a rule the stayer is the man with the best stomach.

All physical strength is derived from food which is properly digested and assimilated. When the food eaten is only partly digested and assimilated, there is a loss of strength and the general result is physical breakdown.

Dr. Pierce's Golden Medical Discovery gives strength and staying power, because it cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of the food eaten, and so strengthens the body naturally by the nutrition derived from food.

It was troubled with indigestion for about two years. "Wm. Winkler, Dr. of Joliet, La., La. Co., La." "I tried different doctors and remedies but to no avail, until I wrote to you and you told me what to do. I suffered with a pain in my stomach and left side and thought that it would kill me. Now I am glad to write this and let you know that I am all right. I can do my work without pain and I don't have that tired feeling that I used to have. Five bottles of Dr. Pierce's Golden Medical Discovery cured me and two of his 'Pleasant Pellets' cured me."

Accept no substitute for Golden Medical Discovery. There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pellets are easy and pleasant to take. A most effective laxative.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat

Make the Stomach Sweet. Kodol is a powerful stomachic and cathartic. It is a most effective remedy for all stomach troubles.

Prepared by E. C. DEWITT & CO., Chicago, Ill.

GUS SAUR—G. VAN WERDEN

and quality of the cattle raised in this county, says the Beaver Herald. It is well that Oklahoma should have widely diversified industries within its borders and that one county should be devoted to stock raising alone. That business is not without its troubles. A condition now confronts us which needs prompt consideration on the part of the cattle interests in this part of Oklahoma. This county has for years enjoyed prosperity under the banner of free grass, and no one engaged either in raising cattle or in raising feed crops should make a mark against its interests.

DRILLING WAS DELAYED.

Oxidized Iron Ore Was Found in Blackwell Well.

Guthrie, O. T., Jan. 12.—The News of Blackwell reports that in drilling for gas everything went smoothly until about 2 o'clock Saturday morning, when the drillers met with a phenomenon which they were not expecting. They came in contact with a formation known as oxidized iron ore, which was found in a layer about 100 feet thick. The drillers were not expecting this, and the work was delayed. The oxidized iron ore was found in a layer about 100 feet thick. The drillers were not expecting this, and the work was delayed. The oxidized iron ore was found in a layer about 100 feet thick. The drillers were not expecting this, and the work was delayed.

TO MAKE HOBART EXTENSION.

Katy Officials Say Branch Will Soon Be Built.

Guthrie, O. T., Jan. 12.—Messrs. Chan, Lamb and J. R. Campbell returned yesterday from Guthrie to Hobart, from where they came as a committee to confer with the officials of the Missouri, Kansas and Texas Railroad company in regard to securing that road for Hobart. In conversation with Mr. Lamb last night, he said that the officials think well of the proposition to come to Hobart and there is no doubt but what this good road will be speedily secured to Hobart. If so, it will make Hobart the best railroad center in Oklahoma, and no effort should be spared to have the Missouri, Kansas and Texas system built into Hobart.

WANTS TO BE NAMED.

Local Minstrel Troupe at Lexington Offers Prize.

Lexington, O. T., Jan. 12.—The business men of Lexington have organized a minstrel troupe. They want a suitable name and are willing to pay for it. To the person submitting the most appropriate name will be given the sum of \$5 for their trouble. Anyone may send in names to Dr. L. T. Smith, or Dr. J. W. Huffman, who will retain the name of the contributor and will submit the names contributed to a committee on selection, composed of Dr. J. F. Cave, and Bishop and E. W. James. The name must be in by February 1, 1903. The minstrel troupe will give its first performance on or about February 20, 1903.

So many diseases depend on impure blood, Hood's Sarsaparilla is the most widely used medicine.

DIED OF HEART DISEASE.

Lawton Man Found Dead on Bank of Creek.

Lawton, O. T., Jan. 12.—Miners who live on Sandy creek, fifteen miles west of Lawton, report the finding of a dead man on the bank of the creek. He was identified as J. A. Stinson, but his residence is not known. The man had been dead only a short time when found. There were no marks of violence on the body and he was apparently dead of heart trouble. A coroner's jury was empaneled and left for the scene this morning.

DEMAND FOR PICKERS.

Much Cotton Still in Fields Around Hobart.

Hobart, O. T., Jan. 12.—The sunny days of last week have created a demand for cotton pickers, as there is still much cotton in the fields in Greer county. A great many pickers came into the county from Texas in the fall, but on account of the bad weather and the holidays together most of them went home, making pickers scarce. Farmers about Hobart this week offering one fifty per hundred for picking cotton, says the Standard Sun-Monitor.

GOVERNOR DENIED PARDON.

Lengthy Petition Was Received Alleging Conspiracy.

Woodward, O. T., Jan. 12.—The county attorney of this county today received a letter from Governor Ferguson denying a pardon to Jerry and John C. Shook. These men were convicted of killing range cattle.

A petition, signed by over a thousand Woods county people, was sent to the governor and in it was stated that a conspiracy had been formed by western cattlemen to convict these men.

The sheriff who suspended the sentence for eight days at the request of the governor, will now carry out his work.

Was Frantically Burned.

Guthrie, O. T., Jan. 12.—The Clarion of Arapahoe, Custer county, relates that little Miss Ethel Crisp, 3 years old, while trying to start a fire during the absence of her mother Wednesday was frantically burned about the face and body. Mrs. J. M. Crisp had stepped out to a neighbor's and while gone, the child, aged 3, and Ethel, 2 years old, tried to start the fire, which had gone out. The boy's screams attracted the mother, who rushed into her home to find the child's face aflame, which she quickly smothered out. When Mrs. Crisp reached her side the little one said: "Oh, mamma, I am burning—burning." It is not thought the child can recover.

CAVE FOUND WHICH HOLDS OLD PLUNDER

Mouth Hidden by Tangle of Vines and Brush.

INQUISITIVE BOY ENTERED

Will Not Divulge Secret—Searching Parties Out.

Guthrie, O. T., Jan. 12.—The Alliance Chronicle reports the finding of a robbers' cave.

While herding cattle near the head of Barney creek a week ago Thursday, Willie Fishback discovered the mouth of a cave nearly hidden among a tangle of vines and brush. Being an inquisitive sort of fellow, he tied his pony to a bush and began his explorations. The mouth of the cave is in a lonely part of the country, where there are seldom bothered. On entering the cave the floor slopes downward at an angle of about 45 degrees and on striking this the boy slid down several feet to a bank where he dropped about ten or twelve feet to a bed of sand and shale. Following this for a short distance, he came to another bank about five or six feet high. Placing his foot on a projecting knob or stone he succeeded in climbing to this bank and crawled along it. Having no light, he was forced to go slowly.

After going some fifty or sixty yards into the interior of this second room or apartment he reached a shelf, and in passing his hands over the surface he found a large flat stone which showed by the feel that it had been cut out with a chisel. In feeling around the base of this rock he discovered that it covered a hole and from beneath this stone projected a piece of paper. In attempting to remove it he tore it in two and put the piece in his pocket. Being unable to move the stone, which would weigh probably a half ton, he hoped his way back to the entrance where he found that by piling some loose rocks up together he could reach a projection and thus draw himself up to daylight.

Upon examination he found that the piece of paper was the end of a \$20 bill. Several parties have been organized to find this cave, but so far have failed and the boy refuses to give any further information regarding its location. This is in the immediate neighborhood where Black and Yenger, the noted desperadoes, used to have their headquarters, and it is supposed to be the place where they cached their plunder. At his death some few years ago Yenger spoke of some hidden money but failed to give its place of concealment.

Eczema, No Cure, No Pay.

Your druggist will refund your money if FAZO OINTMENT fails to cure ringworm, tetter, old ulcers and sores, pimples and blackheads on the face, and all skin diseases; 50 cents.

HIS MIND NOT CLEAR.

Old Man Wandered About the Streets of Guthrie.

Guthrie, O. T., Jan. 12.—Mr. George Boyd, who is 72 years of age, left Guthrie, Ill., several weeks ago to visit his daughter, Mrs. G. L. Blue of Enid. Owing to the feebleness of Mr. Boyd, on account of his age, he seemed to lose his bearings, which led him to Guthrie instead of to Enid, his intended destination, says the Wave. He wandered around the city in a seemingly aimless manner, which attracted the attention of the city officers. He did not answer the questions of the officers readily and they placed him under the care of a Mrs. Leonard, who keeps a private hospital in Guthrie. Last Tuesday the old man recovered sufficiently to state to his attendants that he wished to find Enid, Oklahoma, where he had a daughter by the name of Blue, whom he wished to visit. The Guthrie authorities wired Sidney Kershaw, who was not long in finding the Blue family, who were expecting the aged relative on every train. Mr. George Blue, a grandson, immediately came to Guthrie to take care of his grandfather. He found the old gentleman quite sick, hence took him to Enid on a cot in the baggage car on the train that arrives in Enid in the evening. Mr. Boyd died Friday, January 9, at 4 p. m., at the home of his daughter on Maple street.

AWAKENED GREAT INTEREST.

Potato Culture Has Drawn Attention of Farmers.

Guthrie, O. T., Jan. 12.—The success of Shawnee in the potato growing business has awakened great interest in South Potawatamie county, which is composed largely of rich valley land especially adapted to potato culture. It is estimated that over 2,500 acres of land in South Potawatamie county will be coming season be put in potatoes. Mr. George Rogers, cashier of the Asher State bank, states it will be no surprise if Asher alone would ship several hundred car loads of potatoes the coming summer. A great many specialists in potato growing are buying land in South Potawatamie county, preparing to go into the business extensively. Up to this year South Potawatamie county has been without railroads or shipping facilities. The completion of the Rock Island clear to the south side of the county has opened up shipping facilities and the whole country is filling up with northern and eastern farmers rapidly. They are selling out their land at from \$75 to \$100 an acre and are buying land in South Potawatamie county of equally as good soil at from \$10 to \$25 an acre.

POSTMASTER WAS APPOINTED.

John Asbury Will Now Deal Out Mail at Lexington.

Lexington, O. T., Jan. 12.—A telegram from Washington announced the appointment of John H. Asbury as postmaster to succeed Mrs. Williamson, nee McKendall, who resigned the position on getting married. The appointment of Mr. Asbury gives general satisfaction to the people of the community, as he is known to be a man of integrity and of good business qualifications. It was somewhat of a surprise to most of our citizens when the appointment came, as John had been making a very stiff fight for the office, and showed by the outcome that he and his friends used great discretion in the management of his application. Others were out for the position with pettifoggery, but Asbury and only the indorsement of J. D. McGuire

and J. J. Burke of Norman, John Sullivan of Oklahoma City, Secretary Grimes, the whole personnel of the Lexington National bank and Delegate Dennis Flynn. With that array of politicians behind the back of a man who stands well in the community, it is no wonder that he got the appointment. Mr. Asbury has been a resident of this city for about nine years and is a graduate of the pharmaceutical department of the Oklahoma university. He has been in the drug business in Lexington for the past two years and has made many friends. While the appointment is very satisfactory to our people, it also shows that Mr. Flynn still has power in Washington that he has always been accredited with.

CONTRACT WAS APPROVED

Lawton Expects to Have Sewer System.

Lawton, O. T., Jan. 12.—The Enterprise says: The city council was in session last evening for the purpose of taking action upon the contracts for Lawton's sewerage plant. The contracts as drawn up by the city attorney were approved. The one with J. N. Ford, of Guthrie, specifies among other provisions, that he shall make bond to the amount of \$20,000 for the faithful performance of his duty. He is to build the sanitary part of the system for \$21,500.20, and to have it completed within six months after the contract has been approved by the secretary of the interior. In case he does not do this any delay thereafter will cost him twenty-five dollars a day. This applies as well to C. T. Bartlett, of Chicago, who has the contract for the storm sewer. It is provided, however, in both cases that the contractors shall not stand responsible if delay is caused by a strike or inclement weather.

The main storm sewer is to be constructed for \$13,840.50 and the contractor will be obliged to make bond to the amount of \$10,000.

Here are the figures for the sanitary sewer:

5,885 feet 14-inch sewer	\$3,482.22
10,894 feet 12-inch sewer	6,774.45
4,150 feet 10-inch sewer	1,371.25
14,665 feet 8-inch sewer	5,275.80
5,000 feet 6-inch sewer	1,475.00
Ninety-four man-holes	2,820.00
Seven flush tanks	369.00

Another matter transacted last evening by the council was the passing of the following ordinance:

ODD FELLOWS' BANQUET.

W. J. Bryan Will Address Members at Lawton Meeting.

Lawton, O. T., Jan. 12.—The Enterprise says: John Vertrees reported for the committee on finances that arrangements had been made to hold the banquet at the O. O. F. hall. Two hundred and fifty covers will be laid and the price will be 75 cents a plate. One hundred and fifty tickets have been sold and it is expected that all will be disposed of by Monday noon.

The citizens will meet at the City hall at 10 o'clock a. m., Tuesday and go to the depot to meet the distinguished guest, Col. Rock Thomas was selected as marshal of the day to arrange the procession from the depot.

The finance committee was ordered to secure the hall, pay for it and place it at the disposal of the library association.

The following is the program of the banquet to be given in honor of William J. Bryan, January 13:

John Jennings—Master of ceremonies.
William J. Bryan—Subject Open Orchestra.
J. Elmer Thomas—Oklahoma W. E. Hudson—Comanche County A. Lewis Hunter—Andrew Jackson Orchestra.
Frank McManis—Our Mineral Wealth A. J. Burton—Lawton Orchestra.
A. J. Hubbard—Our Commercial Industries Orchestra.

GRANTS MINING CHARTER.

Company With Big Capital Will Bore Few Holes.

Guthrie, O. T., Jan. 12.—The Iron Mountain Mining company was chartered this morning. This company is to prospect and mine for gold, copper and other ores in Kiowa and Comanche county. It has a capital stock of one million dollars, fully paid up. The principal place of business is at Wildman. The directors are Selton E. Anderson of Wildman, C. H. Halmum of Oklahoma City, F. M. Sparks of Wildman, R. W. Royel of Wildman and Isaac W. Simmons of Oklahoma City.

Experience Car Famine.

Guthrie, O. T., Jan. 12.—At Alliance the Chronicle reports that the elevators were taken to more than capacity on Thursday because of the inability of the railroad to furnish cars. As a result elevator men were compelled to load storage hoppers in places in order to take care of the day's delivery.

SLOW-HEALING SORES

Slow healing sores are unsightly, painful and dangerous. They are a constant care and source of anxiety and worry.

Chronic, slow healing sores are frequently the after effects of some long debilitating sickness that leaves the constitution weakened and the blood in a polluted, run down condition. The principal place of business is at Wildman. The directors are Selton E. Anderson of Wildman, C. H. Halmum of Oklahoma City, F. M. Sparks of Wildman, R. W. Royel of Wildman and Isaac W. Simmons of Oklahoma City.

Ordinary sores upon the limbs that give them hardly a moment's rest from pain and worry.

It is too weak to throw off the germs and poisons, and no amount of external treatment will heal them, but they continue to grow worse and worse, and many times terminate in the most horrible of all human maladies, Cancer.

S. S. S. cures slow healing sores by purifying and invigorating the germladen, vitiated blood and purging the system of all corrupt matter, thus striking at the real cause and removing every hindrance to a rapid cure, and this is the surest possible way to reach these deeply rooted, dangerous places. S. S. S. strengthens and tones up the circulation, and supplies rich, nutritious blood for the rebuilding of the constitution and healing the sore, when you get rid of the old plague spot for all time.

If you have a slow healing, stubborn sore, write us about it, and our Physicians will advise you without charge.

The Swift Specific Co., Atlanta, Ga.

HE FELL FROM GRACE.

Bright Man Said to Be in Trouble in Territory.

Tulsa, O. T., Jan. 12.—The Advocate has the following:

"The good people of Tulsa will be shocked to learn that 'Brother' Jacobs has gone wrong. This time he took his departure in Custer City and it wound up with a split head and a general all round scrap in which Jacobs got decidedly the worst of it. Jacobs came to Tulsa about election time and he was able to tell whom he came or what his mission was until he removed all doubt by drinking to all the campaign whisky that came in sight. He then attempted to vote—saying that he wanted to vote for his friend McGuire for congress but he was denied the privilege. Immediately after election he indulged in a big drunk. After wallowing in the streets a few days and finding his credit gone, he announced his intention of practicing law in Tulsa, no doubt thinking he had developed symptoms that would enable him to be a place at the bar, but soon found that he was out of his class and declared he had for-

GOOD WATER FOUND IN ABUNDANCE

Alva Has More Than Its Needs Demand.

NEW WELL SUNK CLOSE IN

Big Flow Found Not Far From Surface.

Alva, O. T., Jan. 12.—Some weeks ago, the Pioneer stated that the city council instructed the water committee to have a well dug near the southwest corner of the city farm two miles north of the city; this is a half mile nearer the city than the springs from which the city now gets its supply of water. The Pioneer says the well was promptly dug and in less than twenty-five feet so much water was found that it was impossible to go further without having the water pumped out of the diggers' way. "A steam jet" pump like those used in mines, was secured and put in the well. A. L. Tiberghin's thrasher engine was attached to it yesterday and pumping water out at the rate of fifty gallons per minute makes no perceptible lowering of the water in the well. In fact, they have struck a streak of good water that is inexhaustible in quantity; and as that is over thirty feet higher than the public square the water will flow into the city by gravitation. The expense of connecting this well with the present pipe line from the spring will be comparatively light.

The Santa Fe Railroad company have already requested that a sample of the water be sent to headquarters, and it was sent today.

Many people in Alva have always contended that there was an abundance of water over there, but some doubted it, and for this reason sought waterworks. A visit to the well will convince any reasonable man that plenty of water for a town of 10,000 people has been found.

We are very glad to chronicle this important discovery, and we believe our people should encourage the council to go ahead with the completion of the waterworks system.

A move altogether this year and the population of Alva will be doubled before January 1, next.

Don't take our word for it; drive over and see for yourself. The pump will run tomorrow and constantly until the well is given a thorough test.

FOUR CHARTERS GRANTED.

New Business Firms Rapidly Going into Oklahoma.

Guthrie, O. T., Jan. 12.—Four charters were granted by the territorial secretary as follows:

The Big Four Oil and Mining company, with a capital stock of \$2,000,000, for a term of twenty-nine years. Principal place of business at Hobart, Kiowa county. The directors are: C. A. Wian and G. S. Bailey, of Mountain Park and Lank J. Foster and Otto A. Elliott of Hobart.

Frederick Townsite company, of Comanche county, for a term of twenty years with a capital stock of \$50,000. The directors are S. N. Gosnell, Robt. L. Gosnell, John B. Stevens of Frederick and W. O. Anderson, Wm. Denny, Bismark Nausseles and Jas. B. Gilbert of Vernon, Texas.

Temple Grain company, of Comanche county, for a term of twenty years, of \$100,000 capital with the following directors: B. V. Loosmore, D. S. Tandy and J. V. Tandy. All are of Temple.

Shawnee Sale and Manufacturing company, of Shawnee, with a capital stock of \$50,000, for a period of twenty years. The directors are as follows: Y. I. Caldwell, president, Paris, Tenn.; A. Jacobs, vice-president, Lawton, O. T.; Will B. Fugitt, secretary, Shawnee, O. T.; A. B. Michlin, Paris and F. G. Hartell, Shawnee.

The certificate of election follows: CERTIFICATE OF ELECTION Cimarron Territory, County of Beaver, ss:

I, Wm. B. Ogden, secretary of the provisional territorial council of Cimarron territory, do hereby certify that at a general election held in said territory on the 8th day of November, A. D. 1897, Thomas P. Braidwood was first elected senator and within and for first senatorial district in said territory, until the next regular election.

In witness whereof I have hereunto set my hand and affixed the seal of said territory, at Beaver City, this 17th day of November, 1897.

WM. B. OGDEN, Territorial Secretary.

WILL ASK APPROPRIATION.

Attorney General Wants Funds to Fight Colorado Case.

Topeka, Kan., Jan. 12.—The legislature will be asked for a liberal appropriation to enable Attorney General Coleman to push the suit brought by Kansas to prevent Colorado from taking so much of the water in the Arkansas river. One of the assistants in the attorney general's office will be appointed to take charge of the case and will devote practically his entire time to it. The case will be tried in the United States supreme court on its merits.

Commissioned Notaries.

Guthrie, O. T., Jan. 12.—The following were commissioned notaries public today: S. F. Johnson, Cleveland county; W. B. Scheidemann of Canute, Washington county; H. L. Looftrow of Beaver county, and Henry Rapp of Crystal, Pawnee county.

Dennis Flynn Buys Property.

Guthrie, O. T., Jan. 12.—The Warlike News reports that Dennis Flynn has bought the T. E. Courtwright property occupied by Berry's grocery. It stands on reason that Waurika property is all right, else Dennis Flynn would not have asked for it.

Asked for Requisition.

Guthrie, O. T., Jan. 12.—A requisition on the governor of Arkansas was issued today by Governor Ferguson to James S. Thompson for the deliverance of W. Anderson, alias "Black" Anderson is wanted in Caddo county for murder.

HE FELL FROM GRACE.

Bright Man Said to Be in Trouble in Territory.

Tulsa, O. T., Jan. 12.—The Advocate has the following:

"The good people of Tulsa will be shocked to learn that 'Brother' Jacobs has gone wrong. This time he took his departure in Custer City and it wound up with a split head and a general all round scrap in which Jacobs got decidedly the worst of it. Jacobs came to Tulsa about election time and he was able to tell whom he came or what his mission was until he removed all doubt by drinking to all the campaign whisky that came in sight. He then attempted to vote—saying that he wanted to vote for his friend McGuire for congress but he was denied the privilege. Immediately after election he indulged in a big drunk. After wallowing in the streets a few days and finding his credit gone, he announced his intention of practicing law in Tulsa, no doubt thinking he had developed symptoms that would enable him to be a place at
